Why do wool Sweaters need to be tested?

Linen threads are used on occasion in the seams of sweaters. The linen threads are sometimes easily removed and the sweater is then non shatnez.

A 100% Lambs Wool **Polo by Ralph Lauren** lady's sweater (Hong Kong) was found to contain a red linen thread in its seam (as seen in the picture below).

Found by: R' Dovid Zirkin (Chicago Shatnez Laboratory)

Edited By: R' Yosef Stolz (Los Angeles, CA)
