Trimmings-July '09

Pinstripes, embroidery, appliqué, piping and any discernible pattern or design on the outside of a fabric is not required to be identified on the content label and are of Shatnez concern.

R' Yoel Polach, of Zurich, Switzerland, sent pictures (shown below) of some of his recent shatnez findings, illustrating the above:

R' Yoel also recently found a **Hucke Berlin** poly/cotton skirt, to contain a trim that was comprised of wool and linen (as seen in the pictures below).
