Ladies RUTY Suit

This material contains wool & linen!

R' Yosef Tyberg (Boro Park) found linen and wool in the fabric of a **RUTY** ladies' suit (made in France). The suit did not have a content label.

Be aware, the manufacturer of Ruty suits informs its customers that all its garments are not Shatnez. In truth, in addition to this garment whose fabric contains wool and linen, many Ruty suits have reprocessed shoulder pads that contain linen.

The lesson is, "Do not trust statements from manufacturers & storeowners about shatnez".
