## Do I have to Check 65% Polyester -35% Rayon Boys' Suits?

**Brand Name:** Victorio De Milano

**Content:** 65% Polyester 35% Rayon

**Country Of origin:** Syria

R' Yoel Schocket (Lakewood) recently found the left and right sides of the Victorio De Milano boys' suit (shown above) have different interlinings! The right side contained a black wool interlining and the left side contained a beige linen interlining (see picture). Together, they make the suit shatnez!

This shows that even jackets that do not list wool or linen on their content label can contain shatnez in their inner components.
