Wool Sweaters with Shatnez?

Linen threads are occasionally found in the seams of wool sweaters. Frequently the linen threads are easily removed and the sweater remains undamaged.

Two wool sweaters were recently found to contain linen in their seams. These sweaters are the latest examples in a long list of shatnez containing sweaters. Please test your sweaters!

1) A wool-blend **Diktons** lady's sweater (China) had a white linen thread in one seam. This sweater is currently sold in Jewish stores.

2) A 100% Merino Wool **Banana Republic** lady's sweater (China) contained a yellow linen thread in a seam.
